

# 2026 CAMINO WALKING RETREAT

**A Transformative Travel Experience from Porto, Portugal to Santiago de Compostela, Spain (2 distance options available)**

Hosted by *Revelares* in partnership with *Camino Cornerstones*.

## Overview

Step into an immersive pilgrimage experience through northern Portugal and Spain, walking the stunning Camino Portuguese coastal and spiritual variant. This retreat blends physical challenge, cultural immersion, and guided reflection to support your personal transformation—before, during, and after the walk. You walk at your own pace—alone, with others, or alongside our group. You are in charge of your Camino.

Our group size is intentionally small (maximum 8 participants) to ensure intimacy, connection, and personalized attention.

Two retreat options available:

- **Short Retreat:** 7 nights / 7 walking days (Tui, Spain to Santiago de Compostela, Spain)
- **Extended Retreat:** 15 nights / 14 walking days / 1 rest day (Porto, Portugal to Santiago de Compostela, Spain)

## Lodging

All accommodations are carefully selected for comfort, character, and walkability (proximate to the trail). We will be staying in hotels in at least 3 cities.

- Room occupancy will be based on the availability of lodging options. Please notify us of any special requirements upon booking, and we will do our best to accommodate you.
- Private bathroom or shared bath (depending on location)
- We will not be staying in any Hostels or Albergues.

## Meals

- **All meals are included on walking days** (breakfast, lunch, and dinner). Your retreat includes a prepaid credit card, giving you the freedom to eat when and where you choose.
- We will try to convene as a group at breakfast. This will evolve as the group dynamics shift.
- Walkers are on their own for lunch. We encourage picnic-style or local cafés.
- Dinners will be a mix of organized group dinners. Group dinners emphasize local cuisine and community bonding. You always have the option to go out on your own.
- No meals are included on the Tui rest day.
